| IDENTIFIERS | *California |

ABSTRACT

Organized in five parts, this document contains a series of detailed tables that provide financial data for all of California's school districts. Within each of the parts, there are separate tables for unified districts, elementary districts, high school districts, and community college districts. Summary data are also included for all districts exclusive of community colleges. School district budgets for 1972-73 are analyzed first, giving total dollar expenditures and expenditures per pupil for each district in 20 different budget areas. Reported also are assessed valuations for 1971-72 and 1972-73 on an aggregate and on a per pupil basis. The tax rates in each school district for the 1971-72 and 1972-73 school years are provided. A final table reports the net beginning balance as of July 1, 1972 and all district incomes and the net ending balance as of June 30, 1973. (Author/DN)

# INTRODUCTION

C.A.R.E. Document Number 16, "*California School District Financial Analyses 1972-1973*," was compiled by the Research Department of the California Teachers Association from data furnished by the fifty-eight County School Departments of Education in the State of California. C.A.R.E. is composed of representatives from the Association of California School Administrators, the California School Boards Association and the California Teachers Association. Through the excellent cooperation of the California State Department of Education and the County Offices, it was possible to secure data for most school districts in California for 1972-1973, and for prior years in some cases as designated in each part of this Document.

Mr. Jacques Ross, Chief, Bureau of School Apportionments and Reports of the California State Department of Education, supplied the Research Department with both Fiscal ADA and Apportionment ADA for the school year 1972-1973.

*Organization of this Document.* The Document is organized in five (5) parts. Within each part, districts are classified by type. The parts are as follows:

I. An analysis of school district budgets for 1972-1973. Total dollars reported for each budget category (of Total Current Expense) are divided by Fiscal ADA to arrive at expenditures per pupil for T.C.E.

II. A report of assessed valuations, both total and modified, for 1971-1972 and 1972-1973. A change, if any, is reported for the two years involved. If *DECR.* is used after a figure, this means there has been a decrease in assessed valuation.

III. A report of both total and modified assessed valuations for 1971-1972 and 1972-1973. Total Assessed Valuation is divided by Fiscal ADA and Modified Assessed Valuation is divided by Apportionment ADA.

IV. A report of tax rates for the following years:

1971-72
1972-73

V. A report of the net beginning balance, July 1, 1972, and all district incomes and the net ending balance, June 30, 1973.

The data reported for Assessed Valuations for 1971-1972 and 1972-1973, as well as the data reported for Tax Rates for 1971-1972 and 1972-1973 were obtained from State Office Reports as verified by the California State Department of Education, Bureau of School Apportionments.*

The data collected for the Budget Analyses section of this report, were collected from each of the County School Departments of Education who furnished verified copies of J-41 forms. A few districts do not appear in this section as their county offices were unable to furnish reports in time for publication of this document.

The data on Total Current Tax Rates for 1973-1974 as reported in the Appendices, were collected from each of the County School Departments of Education. This information has not as yet been verified by the Bureau of Apportionments.

---

*The column headings used for this year's report for the section on Taxes have been changed. Voted Tax Maximum is not reported in this study. The column on Building Bond/Loan Tax Rate is different from those reported in the past in that this report includes Capital Outlay and Other Special Purpose for 1971-1972 and 1972-1973.

## DEFINITION OF TERMS

*Fiscal ADA*

All ADA generated by students attending the schools of a district, regardless of status of residence. In case of community college districts, this includes ADA of students residing in another district or in non-district territory; but does not include ADA of students residing in the district and attending school in another district. In the case of junior high school attendance the ADA is included in that of the high school district involved and excluded from that of elementary districts involved.

*Apportionment ADA*

All ADA used under the provisions of the Education Code in determining rates of apportionment for foundation programs.

*Expenditure Accounts 100 - 1400*

100 - Central office administration.

211 - Salaries of building principals and vice-principals.

212 - Salaries of supervisors, coordinators and consultants.

213 - Salaries of classroom teachers; includes amounts spent on classroom instruction, substitutes and extra pay for extra duties such as coaching.

214 - Salaries for counselors, certificated librarians, psychologists and other certificated personnel.

221 - Salaries of instructional aides as defined by Education Code number 17200.

222 - Salaries of classified personnel that assist the instructional program in the school buildings such as school secretaries and clerks.

230 - Textbooks.

240 - Supplementary books and library books.

290 - Instructional materials and expendable classroom supplies.

400 - Health services, salaries and supplies.

600 - Costs of operation such as custodial services, heat, lights, and supplies.

700 - Salaries and other costs relating to the repair of school property.

800 - Insurance, employee welfare insurances, and district contributions to both certificated and classified employees retirement.

TOTAL CURRENT EXPENSE (T.C.E.) - Those budget classifications (100 through 800 less 500) which have direct application to the operation and maintenance of the instructional program.

500 - Transportation costs including salaries, gas, oil and other supplies.

900 - Costs of cafeteria services.

1100 - Community services; services provided to the community by the school district such as youth groups use of buildings.

1200 - Capital outlay; expenditures for land, construction, remodeling or certain kinds of equipment.

Total Expenditures - This figure is the sum total of all the year's expenditures excluding debt service and outgoing transfers.

1300 - Debt Service; not included in this study.

1400 - Outgoing Transfers; are amounts paid from one fund to another or from one school district to another as in the case of an elementary district which pays a high school district to educate its seventh and eighth graders.

*General Purpose Tax Rate*

The Tax rate for money which may be used by the district for any legal purpose. Area wide taxes are included in the general purpose tax rate.

*Restrictive Overrides*

Taxes which may be levied in addition to the general purpose tax, the proceeds of which may only be used for certain aspects of the district's operations. Examples of restrictive overrides are:

| | PURPOSE | TAX LIMIT |
|---|---|---|
| 1. | District contribution to O.A.S.D.I. (Old age and Survivor's Insurance System). Applies to classified personnel. | None |
| 2. | District contribution to Retirement Annuity Fund. Applies to all certificated personnel belonging to the State Teachers Retirement System. District must contribute a maximum of three percent of salaries paid, but if a 5¢ tax rate cannot raise this maximum amount, then only the yield of 5¢ tax rate is required for payment by the district to the Teachers Retirement Fund. | 5¢ per each level |
| 3. | Meals for needy children. | None |
| 4. | Community Services. Major items covered include recreational services, civic center activities, and child care centers. | 5¢ per each level |
| 5. | Adult Education purposes. | 10¢ per each level |
| 6. | Educationally Handicapped minors. | None |
| 7. | Annual repayment on account of State School Building Fund Apportionment. (Ed. Code 19619) | None |

*Capital Outlay/Other Special Purpose*

This includes taxes levied to pay interest on and redeem bonds and taxes levied to repay State loans for building construction. Special cumulative building funds taxes are included, when levied, along with taxes for other special purposes. (See foot note on page iv.)

## SUGGESTED USE OF TABLES IN THIS C.A.R.E. DOCUMENT

The figures that are provided in Part I can be used to make comparisons of one district with other like districts. At the end of each section of Part I are Summary Tables for districts of different size within that type. These summary tables provide average per ADA amounts on a statewide basis.

Below is an example of the kind of comparisons that can be made. No attempt has been made to interpret the tables. Each reader will interpret the data in the illustration according to his own experience. The table below is merely an example of a way the data in this book can be used. All figures are per ADA amounts except the columns headed "District" and "ADA."

| DISTRICT | ADA | #100 | #211 | #213 | #700 | TCE | T EXP |
|---|---|---|---|---|---|---|---|
| A | 5965 | 44.58 | 47.35 | 621.23 | 48.87 | 1106.65 | 1148.35 |
| B | 4064 | 23.56 | 25.91 | 345.69 | 16.40 | 593.09 | 644.41 |
| C | 4541 | 35.96 | 23.08 | 350.81 | 22.21 | 666.44 | 699.16 |
| D | 6263 | 11.85 | 24.55 | 315.73 | 7.67 | 513.31 | 567.63 |
| E | 6088 | 21.44 | 29.34 | 333.91 | 25.57 | 590.15 | 644.39 |
| F | 5533 | 17.88 | 24.01 | 349.29 | 14.51 | 581.13 | 597.83 |
| Averages | | $21.65 | $29.20 | $350.91 | $19.95 | $594.63 | $646.14 |
